

GROUNDWATER QUALITY ANALYSIS REPORT

Kampong Cham - Batheay - Chbar Ampov (97A)

Chbar Ampov is located in the district of Batheay. The population of this commune is approximately 4641 (2004). Groundwater sample collection occurred in March 2008 and consisted of the sampling of 8 tube wells throughout the commune. The attached figure presents the location of Chbar Ampov within Kampong Cham as well as groundwater sample locations and exceedances of health-impacting contaminants (when applicable).

Groundwater Quality Rating

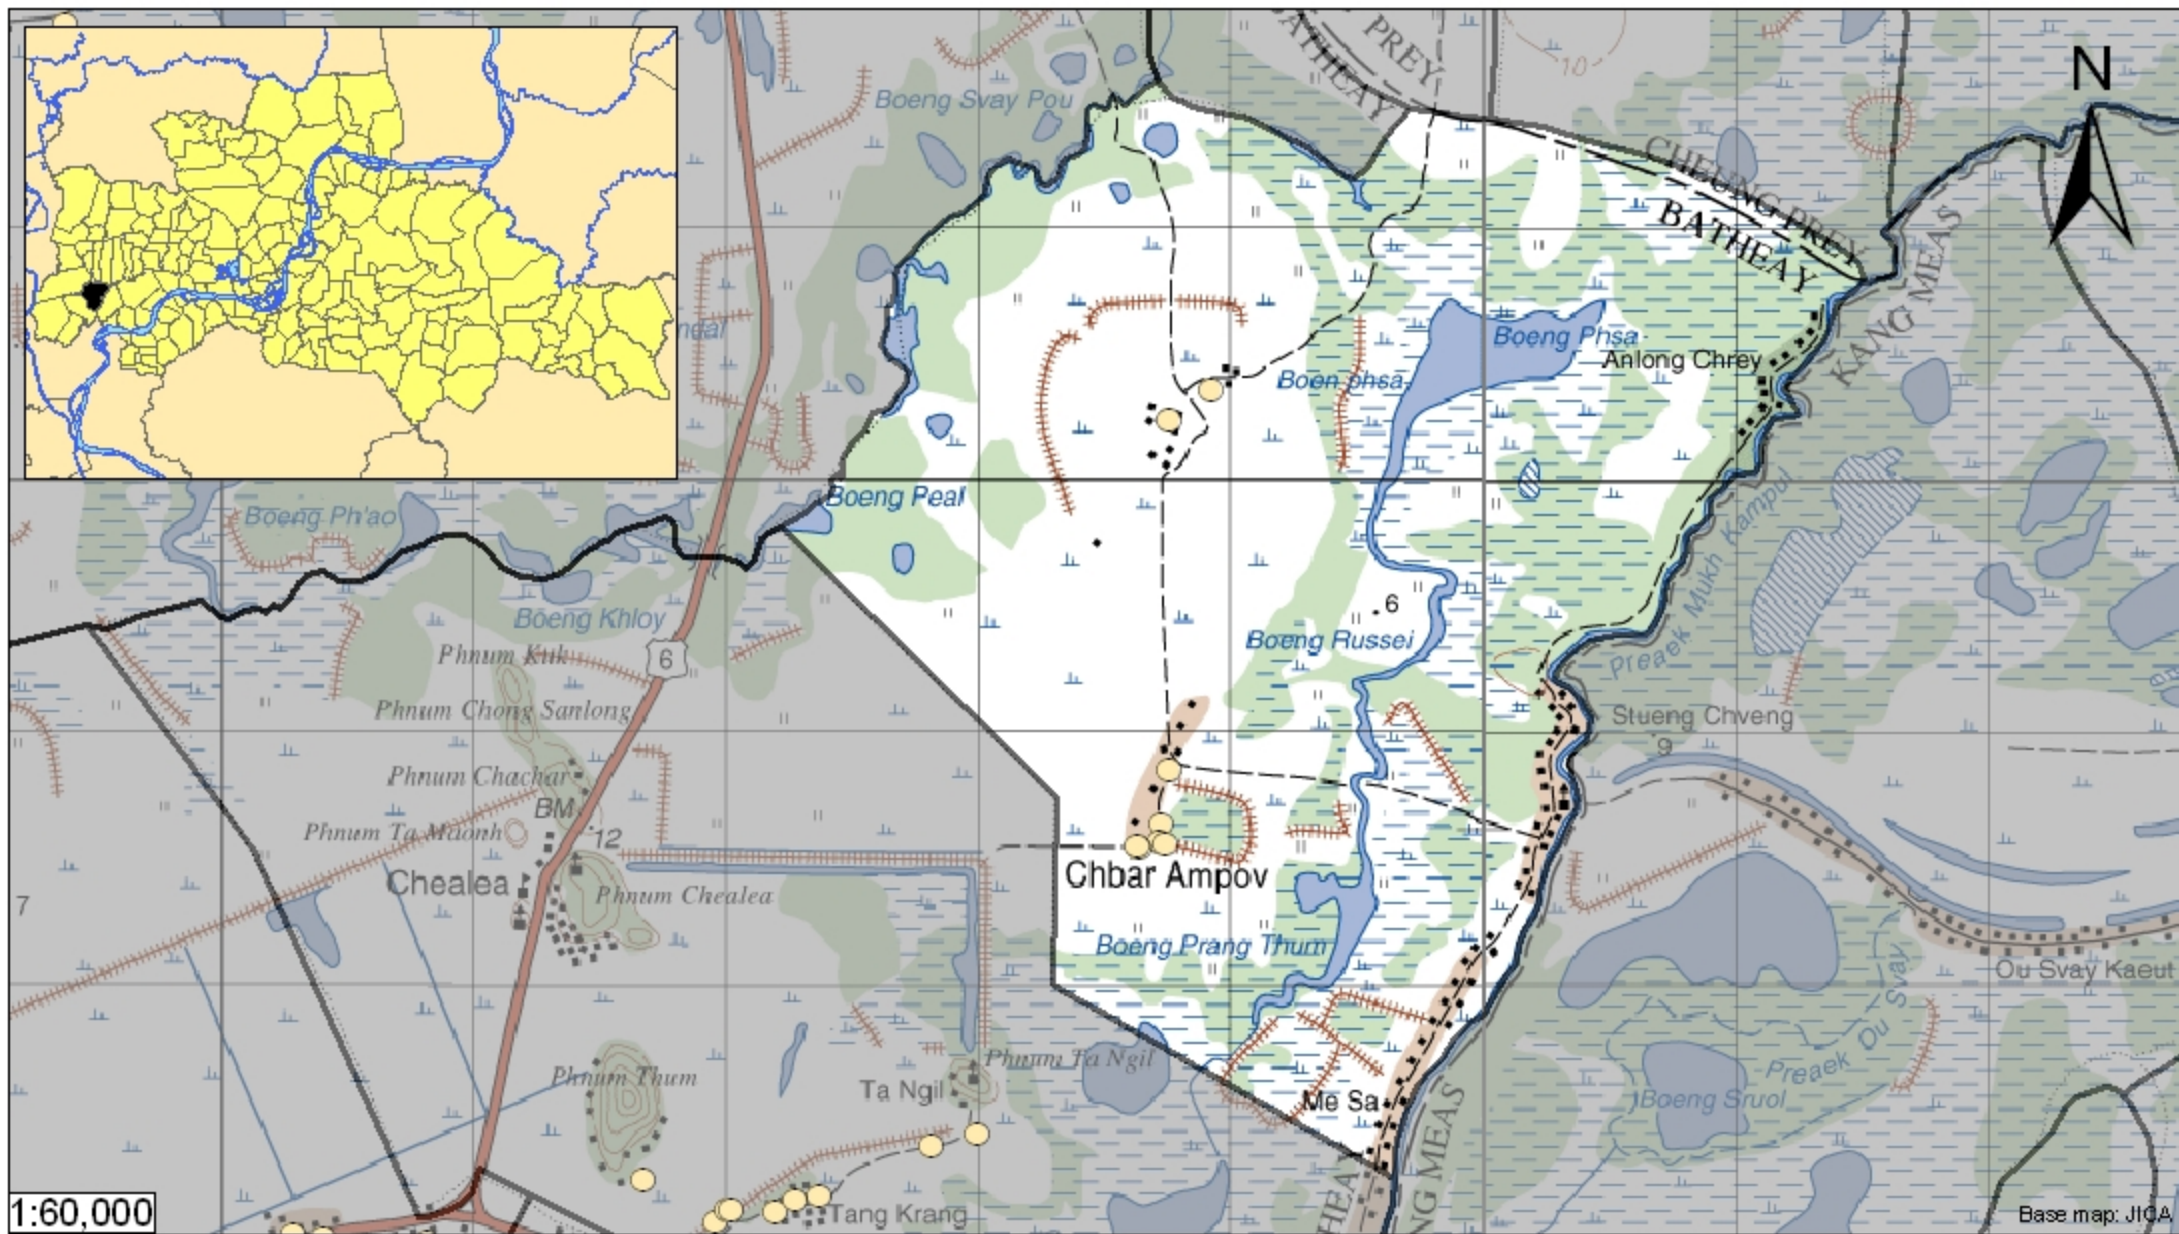

The groundwater quality rating for Chbar Ampov is 97A. Therefore, the general safety of deep aquifer groundwater is good and the aesthetic quality of the water is excellent, according to the contaminants measured and samples collected. The following two sections describe all major health and aesthetic contaminants that exceeded drinking water standards in at least one sample within the commune.

Contaminants of Potential Concern – Health

No health-impacting contaminants of concern were observed within this commune.

Contaminants of Potential Concern – Aesthetic

No aesthetic-impacting contaminants of concern were observed within this commune.
